Save Your Spot: Free R3 Locavore Workshop

The R3 community has talked about Locavores for years, but **do you have any practical knowledge on how to recruit and train those interested in hunting and fishing as a way to obtain healthy, organic protein from the wild?**

Though a Multistate Grant, the [Association for Conservation Information](#) (ACI), [Council to Advance to Hunting and the Shooting Sports](#) (CAHHS), [Archery Trade Association](#) (ATA), [Kentucky Department of Fish & Wildlife](#), [National Deer Association](#) (NDA), and [DJ Case & Associates](#) have teamed up to offer multiple options for you to take a one-day Locavore Workshop. This is the perfect place to begin or enhance your state's effort to attract, train and retain Locavores as hunting and fishing license buyers.

You will discover what locavores need to successfully adopt hunting and angling and how to make your existing hunting and angling education resources more locavore friendly.

Want to learn more? Check out [Locavore.Guide](#) site for resources and train-the-trainer modules.

Registration is FREE – but only open to the first 50 participants for each date, so reserve your space now!

*Registrations are first come, first serve. You may only sign up for one session.
All sessions will cover the same material.*

June 28, 2021, 8:30a to 5:30p Central Time
